OBJECTIVE

Recent Computer Science graduate with skills in Java, Spring Boot, React.js, MySQL, and Full-Stack Development. Passionate about building scalable applications and solving real-world problems through technology.

EDUCATION

Babasaheb Naik College Of Engineering,Pusad

B.E.-Computer Science And Engineering | CGPA : **8.5** 2022-2026

Shri Samarth Junior College,Amravati

HSC – PCM (Computer Science) | Percentage : **73.33%** 2021-2022

PROJECTS

1.Smart Task Manager | Full-Stack Web Application

Developed a secure task management application using Java, Spring Boot, React.js, MySQL, and JWT, enabling users to create, update, delete, and track tasks with authentication and role-based access control.

2.EduSmart – AI-Based Study Resources Finder | Final Year Project

Developed an AI-powered learning platform that enables students to access notes, Previous Year Question Papers (PYQs), and personalized study assistance through an intelligent chatbot. Implemented smart search, resource management, progress tracking, and AI-driven recommendations using React, FastAPI, MongoDB, Pinecone, and Mistral AI.

SKILLS SUMMARY

Programming Languages: Core Java, SQL.

Web Technologies: HTML5, CSS3

Frameworks & Tools: Spring Boot, Maven, Git, GitHub, Postman

Database: MySQL

Development Tools: IntelliJ IDEA, VS Code

Core Concepts: OOP, DBMS, REST APIs

CERTIFICATION

- Research Paper Presentation – "EduSmart-AI Based Study Resources Finder", IFMAAI-2025 National Conference, August 2025.
- CCNA-CISCO
- Cybersecurity Essentials - Cisco Networking Academy
- Cybersecurity Analyst Job Simulation | Forage (Tata Group) | Jan 2025
